

Nutter Butter Santas

What you need:

1 package of Nutter Butter Cookies
1 pound of white chocolate candies
Red sugar
Red hots candies or other small red candies
Mini chocolate chips
Wax paper

What you do:

1. Melt the white chocolate in the microwave. I suggest you put them in at 75% power and stir every 30 seconds until melted. I always do this in batches. I melt a batch for the hats and then one for the beards.
2. Dip one end of each cookie in the white chocolate then cover with red sugar. Set aside to cool.
3. Once cool, dip the edge of the other end in the white chocolate to make the beard.
4. Using the white chocolate, place two mini chocolate chips for the eyes, a red hot for the nose, and add a drop for the pom-pom on the end of the hat.
5. Let cool and you're ready to go!
